Project Management

SURVEY / DESIGN / PROJECT MANAGEMENT

## **THE DESIGN SHOP:**

Is a Commercial Interior Design Consultancy providing:

Interior Design Solutions, Graphic Design Services, In-Store Branding, Point-of-Sale Design & Complete Fit-Out Project Management services throughout Ireland.

At the Design Shop we are committed to achieving sustained business excellence by integrating quality principles and methods into our business.

Our Strengths & Success have been achieved by our approach to projects and the method by which we develop our design solutions.

The Design Shop is dedicated to meeting and exceeding the needs, wants and expectations of our customers by providing quality, trustworthy and superior service.

## **DESIGN & DEVELOPMENT:**

With a vast array of design experience including Interior Design, Product Design & Graphic Design. The Design Shop offers our clients the unique opportunity to work alongside our designers to design, develop and realise their goals and expectations. Our designers understand the value of delivering the ideal concept to meet the individual needs of each client.

Store Layout Design  
Spatial Planning / Traffic Flow  
Bespoke Display Stands

Site Surveys  
Site Feasibility Studies  
Interior Design  
Design of Bespoke Fittings

Graphic Design  
POS / POP Design  
Product Design  
Visualisations

At the Design Shop, our designers understand that not all premises are a blank canvas. We endeavour to integrate existing designs and fixtures into your design solution.

## **SURVEY:**

With many years experience in Commercial Interior Design we know the importance of a Site Survey and Consultations with Clients, Architects and Engineers. Our specialised team of surveyors and design consultants are Professional, Reliable and most importantly who will listen to your needs.

## **PROJECT MANAGEMENT (INSTALLATION):**

The Design Shop offers Project Management Services in:  
Store Fit-out  
Design Manufacture  
Supply of Products and Fixtures  
Supervision of Commercial Fit-out

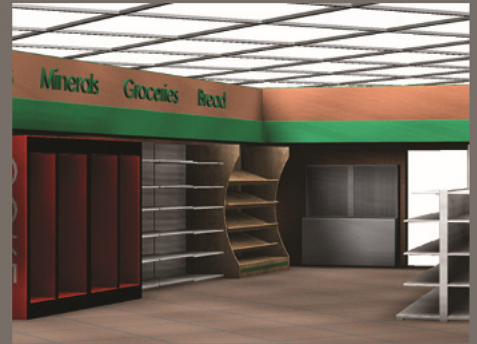

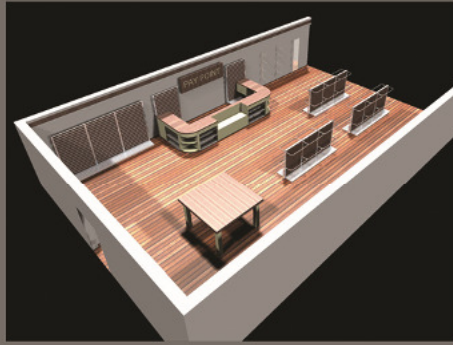

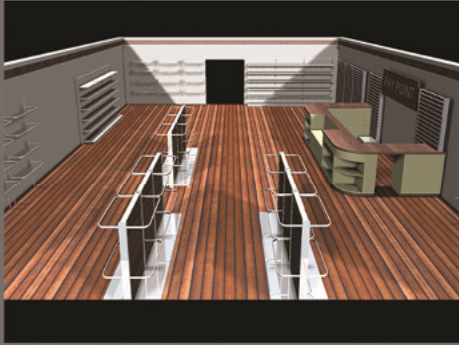

Each Project is assigned a Project Manager who will work closely with the client to ensure that the needs, wants and expectations of the client are met with minimal disruption to the trading environment while still delivering within a specified timeframe.

## CAD DESIGN SERVICES / DRAFTING

### (2D & 3D CAD DRAWINGS):

With over 10 years experience in producing high quality, complex CAD drawings for both the manufacturing and construction industries we know we can offer you a drafting service that will exceed your expectations.

Using state of the art 2D & 3D CAD Software, our consultant designers are professional, experienced and are fully qualified in Industrial Design and Architectural Drafting.

## QUALITY:

The Design Shop is committed to achieving sustained business excellence by integrating quality principles and methods into our business. By focusing on our core values and core competencies we will design, develop and offer customer service to our clients with innovative solutions that meet and exceed their expectations.

The Design Shop has a commitment to the quality of all its services and products, we focus on industry recognised development of design solutions.

We are committed to continuously improve our working processes by developing the technical skills and customer service within our company.

## TESTIMONIAL:

*"The service received from The Design Shop was exceptional. All aspects of the project were delivered ahead of schedule with exacting attention to detail..."*

*"...Where The Design Shop really stood out in my case was their understanding of retail and ability to make use of existing structures" - Aidan Tighe*

Tighe's, Ballymote, Co. Sligo
